Welcome message from the Congress Chairman

Ladies and gentlemen, esteemed colleagues, distinguished guests, and respected members of the medical community.

It is with great honor and immense pleasure that I welcome you all to the 8th Annual Scientific Meeting of the Malaysian Association of Bronchology and Interventional Pulmonology (MABIP). As the Congress Chair, I stand before you with a deep sense of gratitude for your presence at this prestigious gathering, where we come together to explore, learn, and share the latest advancements in our field.

MABIP, operating under the auspices of the World Association for Bronchology and Interventional Pulmonology (WABIP), has continually strived to foster innovation, collaboration, and excellence in respiratory care. This year's congress holds particular significance as we delve into the theme, "Personalizing Interventional Pulmonology Techniques: Tailoring Therapies for Better Outcomes."

From August 2nd to August 4th, 2024, our esteemed medical community will converge at the Hospital Pakar Kanak Kanak UKM, providing a conducive environment for intellectual exchange and fostering connections that transcend geographical boundaries. This congress is not merely an assembly of medical professionals; it is a platform where ideas are conceived, knowledge is shared, and the future of interventional pulmonology is shaped.

The theme of personalizing interventional pulmonology techniques speaks to the heart of our commitment as medical practitioners – tailoring therapies to the unique needs of each patient. In an era where medicine is advancing at an unprecedented pace, it is imperative that we adapt and refine our techniques to achieve better outcomes for those under our care. This congress serves as a beacon, guiding us towards a future where precision and personalized medicine redefine the landscape of interventional pulmonology.

The scientific program we have curated for this congress is a testament to our dedication to providing a comprehensive and cutting-edge learning experience. Renowned experts from around the globe will share their insights, research findings, and experiences, contributing to a rich tapestry of knowledge that will undoubtedly inspire and challenge each one of us.

As we gather here, let us not only focus on the scientific advancements but also on the bonds we forge and the collaborations we nurture. The corridors of this congress venue are not just pathways for exchanging information; they are bridges that connect us, fostering a sense of unity and shared purpose.

I extend my deepest appreciation to the organizing committee, sponsors, and all those who have worked tirelessly to make this event a reality. Your commitment to advancing the field of bronchology and interventional pulmonology is commendable and has undoubtedly contributed to the success of this congress.

In conclusion, I welcome you all to the 8th Annual Scientific Meeting of MABIP with open hearts and eager minds. May this congress be a beacon of inspiration and innovation.

Together, let us embark on this intellectual journey, united in our quest for personalized, patient-centric interventional pulmonology techniques that promise better outcomes for all.

Thank you, and I wish you a fruitful and enlightening congress.

A handwritten signature in black ink, appearing to read 'Mohamed Faisal'.

Tentative Congress Programme

Day 1: Friday 2 nd August 2024		
0700-0800	Registration	
0800-0820	Setting up Paediatric Bronchoscopy Suite & Care of Flexible Scope	Dr Mariana Daud
0820-0840	Basic Bronchoscopy for Adults Made Ridiculously Simple	Dr Ng Khai Lip
0840-0900	How to Handle Major Bronchoscopy Complications (Bleeding and Desaturation)	Dr Wahyuni Indawati (Indonesia)
0900-0920	The Utility of BAL Fluid in Diagnosing Paediatric Lung Pathologies	A/Prof Dr Eg Kah Peng
0920-0940	Opening Speech/ Opening Ceremony	
0940-1000	When is an Urgent Bronchoscopy Needed? (FB and Difficult Airway)	Dr Dayang Zuraini Sahadan
1000-1030	SPONSORED SYMPOSIUM (ASTRAZENECA) Initiating Biologic Treatment in Severe Eosinophilic Asthma by Assoc. Prof. Dr Mohamed Faisal Abdul Hamid	
1030-1050	Break	
1050-1110	Radial EBUS and Linear EBUS- Understanding Tools and Setup Tips	Dr Huan Nai Chien
1110-1130	Linear EBUS: Improving Diagnostic Yield with Advanced Tools	Dr Hema Yamini
1130-1150	Radial EBUS: Manual Mapping Made Easy and Why It Matters	Dr Kho Sze Shyang
1150-1210	Tracheomalacia and Dynamic Airway Compression	Dr Su Siew Choo
1210-1230	Laryngomalacia – When to Intervene?	Prof Dr Goh Bee See
1230-1250	Radiologist's Guide to Lung Cancer Staging	Dr Zuhanis Abdul Hamid
1250-1430	Lunch and Prayer	
1430-1530	Hands-on Workshop	
1530-1550	Break	
1550-1700	Hands-on Workshop	

Tentative Congress Programme

Day 2: Saturday 3 rd August 2024		
0800-0820	When to Scope in Pulmonary TB (Focus on Endobronchial TB Findings)	Dr Wahyuni Indawati (Indonesia)
0820-0840	The Role of Stents in Paediatrics (Biodegradable and Other Types of Stents)	Dr Liew Zheyi
0840-0900	Bronchoscopic Management of Tracheobronchial Lesions	Dr Mona Zaria Nasaruddin
0900-0920	Pneumothorax Management Post BLVR	Dr Eric Daniel Tenda (Indonesia)
0920-0940	Intratumoral Injection for Malignant CAO	Dr Kuo Shuen Wen (Taiwan)
0940-1000	Bronchoscopic Management of Central Airway Obstruction in Paediatric Age Group	Dr Tinku Joseph (India)
1000-1030	SPONSORED SYMPOSIUM (SANOFI)	
1030-1050	Break	
1050-1110	2D Fluoroscopy and More for Transbronchial Lung Biopsy	Dr Yuji Matsumoto (Japan, Virtual)
1110-1130	Catastrophes in IP Career & How to Tackle It	Dr Tinku Joseph (India)

Tentative Congress Programme

1130-1150	EBUS-Cryobiopsy for Hilar & Mediastinal Lesion	Dr Soo Chun Ian
1150-1210	Ultrathin Cryobiopsy for Peripheral Pulmonary Nodule	Dr Chai Chan Sin
1210-1230	Tracheoplasty from a Surgeon's Perspective and Multidisciplinary Approach	Miss (Dr) Siti Laura Mazalan
1230-1300	SPONSORED SYMPOSIUM (ORIENT EUROPHARMA)	
1230-1300	Poster/ Oral Presentation	
1300-1430	Lunch and Prayer	
1430-1530	Hands-on workshop	
1530-1550	Break	
1550-1700	Hands-on workshop	
1900-2200	Meet & Greet (TBC)

Disclaimer

Whilst every attempt will be made to ensure that all aspects of the Conference as mentioned in this publication take place as scheduled, the Organising Committee reserves the right to make changes should the need arise.

Abstract Submission

Authors may submit abstracts for oral/poster presentation online at <https://mabip.com/mabip-2024/abstract/> 

Please access our website for full details on how to submit abstracts. The closing date for receipt of abstracts is 30 April 2024 at 23:59 hours.

Authors must be registered to attend the event.

Topics & Formatting

- Abstracts must be in the areas of interventional pulmonology, laryngology, tracheobronchology, thoracic surgery, pleural diseases, and/or esophagology.
- The body of the text can be a maximum of 300 words and cannot include figures or tables.
- The original research should be written in a structured format and include the Title, Authors' names, Authors' affiliations, Background and Aims, Methods, Results, and Conclusion.
- Case reports should be structured as follows: Title, Authors names. Authors affiliations, Background, Case reports, and Conclusion.
- Abstracts must contain original data, be free of plagiarism, and be written and submitted in English.

Evaluation of the Abstracts

- Abstract submission will be reviewed by the Scientific Committee for acceptance.
- Abstract acceptance notifications will be sent to authors by email no later than June 30th, 2024.
