

Conclave of Advanced Pulmonary Interventions (CAPI-2025)

CONFERENCE & WORKSHOP ON “Complications & Safety in Interventional Pulmonology”

The 4th Annual Conclave of Advanced Pulmonary Interventions—hosts the first-ever program on **Complications & Safety in Interventional Pulmonology**. Join two IP stalwarts for expert talks and hands-on workshops in complication management.

Dr. Ravindra Mehta and Team

Dr. VR Pattabhi Raman and Team

Why You Can't Miss CAPI 2025

- **Expert Insights:** Airway & pleural complication mastery from IP leaders
- **Complication Museum:** First-ever hands-on case exhibits
- **Video Challenge:** Showcase your toughest case for prizes

Where?

Radisson Blu Hotel, Atria,
Bengaluru, India

When?

26th July- 1.15pm Onwards
27th July- 8.15am Onwards

REGISTER NOW!

CAPI-2025

Conclave of Advanced Pulmonary Interventions

**‘IF YOU DO THE NUMBERS, YOU
WILL SEE THE COMPLICATIONS.’**

Welcome to the 4 Edition of CAPI (conclave of advanced pulmonary interventions) in Bangalore, India – titled ‘Complications and Safety in Interventional Pulmonology,’ a unique academic initiative envisaged by 2 established IP and Pulmonary teams – Dr. Ravindra Mehta and team (VAAYU Chest and Sleep Services, Bangalore) and Dr. Pattabhiraman and team (Coimbatore).

As a background, the field of IP has developed by leaps and bounds. Complications in IP are an inevitable and integral part of practicing a difficult science and so far, hardly any forum globally has addressed this issue comprehensively in a focused meeting. This meeting spans 1.5 days and is designed to extensively cover the 'complication universe'— real-world challenges, critical errors, near misses, and the all-important art of prevention, rescue, and learning from mishaps.

Each session has been carefully curated to offer a blend of evidence-based talks, panels with real-case illustrations, and cross-disciplinary insights. Our faculty include some of the most experienced practitioners, and we cover the ‘worst’ of airway, pleura, mediastinum and more, across the diagnostic and therapeutic range.

Besides the unique theme, we have gone the extra length and devised a ‘Complication Museum,’ idea courtesy Dr Dharmesh Patel. This museum is the melting pot of plenty that can go wrong in ‘machine, man, materials, and methods, leading to mishaps!’ This will offer extraordinary insights. The workshop also is curated on understanding and managing complications, with appropriate tools and strategies

Safety and good practices are also intertwined in the meeting. We look forward to welcoming you – workshop seats are limited, so please register quickly. There will be an online link for international delegates, as it is a collaborative effort with the Asia Pacific IP alliance (APIPA), and for any other country.

Who Should attend?

Pulmonologists / Thoracic surgeons / Intensivists/ ENT and any other speciality whoever is interested

Dr. Ravindra Mehta
Course Director
CAPI

Dr. V R Pattabhiraman
Course Director
CAPI

CAPI-2025

Conclave of Advanced Pulmonary Interventions

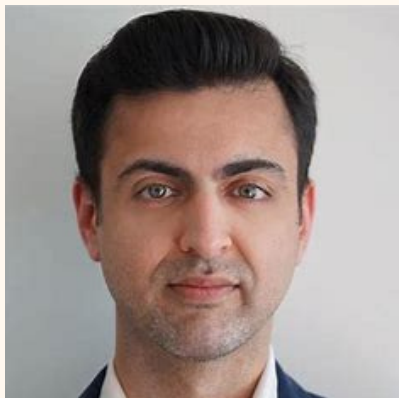

INTERNATIONAL FACULTY

Dr. Atul C. Mehta

Professor of Medicine, Lerner College of
Medicine, Physician, Respiratory Institute
Cleveland Clinic

Dr. Udit S. Chadha

Associate Professor of Medicine and
Thoracic Surgery Icahn School of Medicine
at Mount Sinai, New York

Dr. Mohammad Munavvar

Professor, Consultant, Lancashire
Teaching Hospitals, Preston, London

Dr. Ashutosh Sachdeva

Director, Bronchoscopy & Interventional
Pulmonology at University of Maryland,
Baltimore, Maryland

CAPI-2025

Conclave of Advanced Pulmonary Interventions

INTERNATIONAL FACULTY

Dr. David Fielding

Professor
Royal Brisbane Clinical Unit
Australia

Dr. Pyng Lee

Director of Interventional Pulmonology, Division of
Respiratory and Critical Care Medicine,
National University Hospital,
Singapore

Dr. Sarabon Tahura

Paediatric Interventional Pulmonologist Associate
Professor Bangladesh Shishu Hospital and Institute ,
Dhaka, Bangladesh

CAPI-2025

Conclave of Advanced Pulmonary Interventions

DAY-1

26TH JULY, 2025

TIME: 1:15 PM ONWARDS

OPENING STATEMENT

Complications:

Feared but never adequately discussed - "Lets talk of the elephant in the room."

- Dr. Ravindra Mehta | 13:00 - 13:15

Session-1 Overview of General Complications

Chair persons: Dr. K S Satish/Dr. Vijaykumar Chennamchetty/Dr. Pattabhiraman

Primary prevention of complications: Patient Selection and Pre-Procedural Optimisation	Dr. Anant Mohan	13:15- 13:30
Safety and Complication prevention: Sedation and Anaesthesia Considerations	Dr. David Fielding	13:35-13:55

Additional Question & Answer Session | 14:00- 14:10

Expert Panel discussion with Illustrative Cases by Experts: Complex medical issues, sedation (Dr. Sunil Kumar/Dr. Sandeepa HS)	Dr. Pattabhiraman/ Dr. Muralidhar Thondebhavi / Dr. Kedar Hibare	14:15- 14:35
Pediatric Bronchoscopy & IP: Complications across the board	Dr. Sarabon Tahura	14:40- 14:55

Session-2 Complications in diagnostic procedures

Chair persons: Dr. Rennis Davis/ Dr. Rajiv Goyal/ Dr. Rajani Bhat

The common ones : Hypoxemia & Haemodynamic issues	Dr. Inderpaul Singh Sehgal	15:00 - 15:15
When air leaks: Pneumothorax, Pneumomediastinum, Subcutaneous Emphysema	Dr. Sahajal Dhooria	15:20 - 15:35
Catastrophes: Airway Bleeding and Air embolism in Diagnostic Bronchoscopic Procedures	Dr. Atul C Mehta	15:40- 16:00

CAPI-2025

Conclave of Advanced Pulmonary Interventions

DAY-1

26TH JULY, 2025

TIME: 1:15 PM ONWARDS

Additional Question & Answer Session | 16:00- 16:10

Expert Panel with Illustrative Cases by Experts: Diagnostic Bronchoscopy cases (Dr. Rohan A/Dr. Subho Sarkar/Dr. Priyanka)	Dr. Pyng Lee / Dr. Amita Nene/ Dr. Manu Chopra/	16:15- 16:35
---	---	--------------

Session 3: Complications in pleural procedures

Chair persons: Dr. Manu Chopra / Dr. Kedar Hibare/ Dr. Rakesh Godara

Thoracentesis & Chest tubes in spontaneous breathing and ventilated patients: When things go bad	Dr. Dharmesh Patel	16:40- 16:55
Indwelling Pleural Catheter (IPC): Complications and Management	Dr. Amita Nene	17:00 - 17:15
Pleuroscopy: Complications & Damage control	Dr. Pyng Lee	17:20- 17:40

Additional Question & Answer Session | 17:45 - 17:55

Expert Panel with Illustrative Cases by Experts (Dr. Rohit Vadala/Dr. Shyam Krishnan/Dr. Hariprasad)	Dr. Jayachandra/ Dr. Dharmesh Patel/ Dr.Arjun Srinivasan	18:00- 18:20
---	--	--------------

REGISTER NOW!

CAPI-2025

Conclave of Advanced Pulmonary Interventions

DAY-2

27TH JULY, 2025

TIME: 8:15 AM ONWARDS

Session-4 Complications Related to Therapeutic Bronchoscopy

Chair persons: Dr. David Fielding/Dr. Sahajal Dhooria / Dr. Karan Madan

Rigid bronchoscopy - Complications & Issues	Dr. Ashutosh Sachdeva	08:15-08:35
Stenting : When things don't go as planned? Short and long-term	Dr. Udit Chaddha	08:40- 09:00
Airway bleeding (Prevention & management)in therapeutic procedures: How is it different from diagnostic procedures?	Dr. Rajiv Goyal	09:00-09:15

Additional Question & Answer Session | 09:15-09:25

Expert Panel with Illustrative Cases by Experts (Dr. Pawan Biraris/Dr. Rakesh Godara/ Dr. Kaumudi)	Dr. David Fielding/ Dr. Girish Sindhvani/ Dr. Inderpaul Singh Sehgal	9:30 - 09:55
---	--	--------------

Session-5 Beyond the Scope: Interventional Radiology complications, Surgeons to the Rescue

Chair persons: Dr. Prashant Chhajed/Dr. Suma/ Dr. Amita Nene

Interventional Radiology & management: CT/ USG guided biopsy, embolisation and more	Dr. Chinmay Nagesh	10:00-10:10
Where the surgeon comes in? Bleed, Leak & more	Dr. Arvind Kumar	10:15-10:35
Is the reverse conceivable: Where the Interventional Pulmonologist comes in after the surgeon!	Dr. Pattabhiraman	10:40- 10:50

Additional Question & Answer Session | 10:55- 11:05

Expert Panel with Illustrative Cases by Experts (Dr. Manu Chopra/Dr. Viswesvaran/ Dr. Shivalingswami)	Dr. Anant Mohan/ Dr. Ritesh Agrawal/ Dr. Harisha S Dr. Mehul Thakkar	11:05 -11:25
--	--	--------------

CAPI-2025

Conclave of Advanced Pulmonary Interventions

DAY-2

27TH JULY, 2025

TIME: 8:15 AM ONWARDS

Session-6 Prevention & Management: Insights from High Volume IP Centres

Chair Persons: Dr. Pyng Lee/Dr. Anant Mohan/ Dr. Vikas Marwah

Rounding it off: Best practices for Complication Prevention In Interventional Pulmonology	Dr. Karan Madan	11:30-11:50
Communication in complication management: Break the news, troubleshooting and provider issues	Dr. Rajani Bhat	11:50-12:05
Limits of IP : Do not stretch to detriment Stenting/Thoracoscopy and Nodules	Dr. Ritesh Agarwal	12:10- 12:25
Learn from mistakes: Post-complication debrief and continuous quality improvement (CQI)	Dr. Munavvar	12:30- 12:50

Additional Question & Answer Session | 12:50 - 13:05

Session-7 All that is left...

Chair person: Dr. Ritesh Agarwal/ Dr. Dharmesh Patel / Dr. Jayachandra

Managing complications in the immunosuppressed and post-lung transplant patients	Dr. Vikas Marwah	13:10- 13:25
Instrument/ Equipment malfunction-related complications	Dr. Girish Sindhwani	13:30-13:45
Complications when patient delay and resource limitations	Dr. Visveswaran	13:50- 14:05
Innovations in Complications, Prevention-Management	Dr. Ravindra Mehta	14:10 - 14:20

Additional Question & Answer Session | 14:20- 14:25

Vote of Thanks | 14:25- 14:35

CAPI-2025

Conclave of Advanced Pulmonary Interventions

DAY-2

27TH JULY, 2025

TIME: 2:00 PM ONWARDS

Interventional Pulmonology Workshop - Stations

1 Sedation and Hypoxia management

6 Managing Airway stenosis

2 Management of pleural bleeds - APC

7 Management of pneumothorax

3 Management of Airway bleeds - Part 1

8 Managing air leaks

4 Management of Airway bleeds – Part 2

9 Innovations to prevent complications

5 Managing stent related complications

10 A Unique complication museum - Sponsored by Baroda Chest Group
