2nd
ANNOUNCEMENT

From Basics to Excellence in Interventional Pulmonology

9TH ANNUAL SCIENTIFIC MEETING

MALAYSIAN ASSOCIATION FOR
BRONCHOLOGY &
INTERVENTIONAL PULMONOLOGY

COURTYARD BY MARRIOTT, MELAKA
12 - 14 SEPTEMBER 2025

20
CPD
POINTS
PROVIDED!

Exclusive Offer for New MABIP LIFE members 15 Free Admissions to MABIP 2025

WHY JOIN MABIP?

- Free subscription to our newsletter
- Publication support for research
- Sponsorship opportunities for overseas IP conferences

Visit <https://mabip.com/mabip2025> for further details on applying for life application and claiming free admission

TENTATIVE PROGRAM

- Day 1: Hands on Bronchoscopy
- Day 2: Advanced bronchoscopy / pleural disease
- Day 3: scientific development / EBUS & cryotechnology

Separate Paediatric IP track on Day 2 and Day 3

ENDORSED BY:

Day 1 (12th September 2025, Friday)

0750-0810	Registration			
0810-0830	Inauguration & Welcome Address			
Track 1: Lectures (Adult & Paediatrics)			Track 2: Bronchoscopy Workshop: Understanding the Fundamentals	
Theme: Basics of Bronchoscopy Series 1: Pre-procedure Essentials			0830-0900	OSCE Rounds (Pre-Test) Duration: 8 stations (3 minutes per station) ⌚ 24 minutes per circuit Team of 4 participants (Maximum 32 participants)
0840-0900	Safety First: Pre-procedure Planning and Patient Optimisation	Dr Lim Suat Yee	0900-0915	S1: Sedation, Patient Positioning & Oxygenation Strategies Dr Wong Yen Shen
0900-0920	Normal Variants & Anomalies of the Airways	Dr Dayang Zuraini Sahadan	0915-0930	S2: Anatomy of Bronchoscope, Endoscopy System & Illumination Dr Kho Sze Shyang
0920-0940	Correlating Imaging & Bronchoscopy: How I Do It?	Dr Syazatul Syakirin	0930-0945	S3: Bronchoscopy Suite Setup, Effective Reprocessing & Cleaning of Scopes Dr Tan Hui Xin
0940-1000	Bronchoscopy in Children: What Differs it from Adults?	Dr Mariana Daud	0945-1000	S4: Bronchoalveolar Lavage: Best Practices for Optimal Results Dr Nik Nuratiqah Nik Abeed
1000-1040	Morning Tea Symposium (Sanofi)			
1040-1100	Tea break			
Theme: Basics of Bronchoscopy Series 2: Procedure Essentials			1100-1115	S5: Forceps, Brush & Needles: Roles & Applications Dr Nadiah Jalil
1100-1120	Bronchial Washing, Brushing & Lavage: Mastering the Technique	Dr Tan Sin Nee	1115-1130	S6: Segmental Airway Anatomy Dr Chai Chan Sin
			1130-1145	S7: Specimen Handling: Biopsy & Lavage Dr Sumithra Appava
			1145-1200	S8: Bronchoscopy Reporting: Format, Archiving & Auditing Dr Ngu Nga Hung
1120-1140	Utilising Bronchoalveolar Lavage (BAL) for Paediatric Respiratory Diseases	AP Dr Eg Kah Peng	1200-1230	OSCE Rounds (Post-Test) Duration: 8 stations (3 minutes per station) ⌚ 24 minutes per circuit
1140-1200	Endobronchial & Transbronchial Biopsies: Key Tips & Tricks	Dr Tan Han Loong		
1200-1220	Seeing Red: Approach to Bleeding during Bronchoscopy	Dr Wan Jen Lye		
1230-1300	Lunch Symposium (Hyphens)			
1300-1410	Lunch & Friday Prayers			
1410-1430	Keynote Lecture: Navigating a Career in Interventional Pulmonology Dr Jamalul Azizi			
1430-1500	Afternoon Tea Symposium (Industry)			
1500-1730	Hands-On Workshop (Adults & Paediatrics)			

MABIP 2025

Day 2 (13th September 2025, Saturday)

0750-0810	<i>Registration</i>				
Track 1: Lectures (Adult)			Track 2: Lectures (Paediatrics)		
Theme: Central Airway Obstruction					
0810-0830	Interdisciplinary Management of Central Airway Obstruction: Role of Radiology	Datin Dr Zuhanis Abdul Hamid	0810-0830	Indication of Flexible Bronchoscopy in Pediatrics	Dr Amanil 'Ula Hassan
0830-0850	Bronchoscopy at the Brink: Prepare High-risk Cases for Rigid Bronchoscopy	Dr Ng Khai Lip	0830-0850	Challenges & Complications of Paediatric Bronchoscopy	Dr Nor Diyana Ismail
0850-0910	Expert Insights: Managing Malignant Central Airway Obstruction	Dr Melvin Tay (Singapore)	0850-0910	Debulking & Restoration of Airway Patency	Dr Dirk Schramm (Germany)
0910-0930	Benign Central Airway Stenosis: Recent Updates & Innovation	Dr Mona Zaria Nasaruddin	0910-0930	Balloon Dilatation	Dr Srikanta (India)
0930-1000	<i>Morning Tea Symposium (Oncode)</i>				
1000-1015	<i>Tea break</i>				
Track 1: Lectures (Adult)			Track 2: Lectures (Paediatrics)		
Theme: Pleural Diseases					
1015-1035	Thoracic Ultrasound: Clinical Utility, Basic Principles & Interesting Cases	AP Dr Ng Boon Hau	1015-1035	Rigid bronchoscopy by Paediatric Pulmonologist	Dr Dirk Schramm (Germany)
1035-1055	Medical Thoracoscopy Step-by-step: How I Do It?	Dr Muhammad Redzwan	1035-1055	Paediatric Airway Stenting	Dr Srikanta (India)
1055-1115	Ask the Expert: Talc Pleurodesis for Malignant Pleural Effusion, <u>What</u> is New?	Prof Dr Mohamed Faisal Abdul Hamid	1055-1115	Cryotherapy: When and How To?	Dr Dirk Schramm (Germany)
1115-1135	Medical Perspectives in Management of Pleural Infections	Dr Huan Nai-Chien	1115-1135	Transbronchial Cryobiopsy for Diagnosing Childhood Interstitial Lung Diseases (ILD)	Dr Srikanta (India)
1135-1215	<i>Lunch Symposium (AstraZeneca)</i>				
1215-1315	<i>Lunch</i>				
Theme: Advanced Therapeutic Bronchoscopy					
1315-1335	Prepare for the Worst: Procedure Complications that Interventional Pulmonologists Need to Know				Dr Hari Kishan (India)
1335-1355	Bronchoscopic Lung Volume Reduction (BLVR) for Emphysema: Can the Effect Last Beyond a Year?				Dr Jamalul Azizi
1355-1415	Complications of Airway Stenting				Dr Tinku Joseph (India)
1415-1435	Surgery for Pleural Infection & Persistent Air Leak: Who, Why & When?				Mr. Adrian Ooi
1435-1505	<i>Afternoon Tea Symposium (Menarini)</i>				
1505-1730	Hands-On Workshop (Adults & Paediatrics)				

M A B I P 2 0 2 5

Day 3 (14th September 2025, Sunday)						
0750-0810	Registration					
Theme: Training & Scientific Development						
0810-0830	Starting from Scratch: Building a Basic Bronchoscopy Unit					Dr Ngu Nga Hung & Dr Tan Hui Xin
0830-0850	Scientific Writing in Interventional Pulmonology					Dr Kho Sze Shyang
0850-0910	Artificial Intelligence (AI) Driven Advancements in Interventional Pulmonology					Dr Eric Tenda (Indonesia)
Track 1: Lectures (Adult)			Track 2: Lectures (Paediatrics)			Track 3: Oral & Poster Presentations
0910-1010	Sharing Insights on Interventional Pulmonology Training & Fellowship Moderator: Dr Melvin Tay (Singapore) & Dr Eric Tenda (Indonesia) <i>Presenters:</i> Dr Wan Jen Lye (WABIP), Dr Ho Rong Lih (Korea), Dr Wong Yen Shen (Taiwan), Dr Hema / Dr Huan Nai-Chien (Perth), Dr Kho Sze Shyang (Japan), Dr Ng Khai Lip (Malaysia)		0910-0940	Paediatric Case-based Discussion 1	(India)	Oral & Poster Presentation Session
			0940-1010	Paediatric Case-based Discussion 2	(Indonesia)	
1010-1050	Morning Tea Symposium (GSK)					
1050-1105	Tea Break					
Track 1: Lectures (Adult)			Track 2: Lectures (Paediatrics)			
Theme: Endobronchial Ultrasound (EBUS) and Cryotechnology						
1105-1125	Peripheral Lung Nodule Access: From Fluoroscopy, Radial EBUS & Cone-Beam CT	Dr Chai Chan Sin	1105-1125	Paediatric Case-based Discussion 3	(Malaysia)	
1125-1145	Ice Age: Cryo-technology in Interventional Pulmonology	Dr Hema Yamini	1125-1145	Paediatric Case-based Discussion 4	(Indonesia)	
1145-1205	Mediastinal Cryobiopsy: Latest Advancements	Dr Soo Chun Ian	1145-1205	Paediatric Case-based Discussion 5	(Bangladesh)	
1205-1245	Interventional Pulmonology Fellow Certificate Conferring Ceremony, Prize Giving & Closing Ceremony					
1245-1400	Lunch					

Bronchoscopy Workshop: Understanding the Fundamentals (12th September 2025)

0830-0900	OSCE Rounds (Pre-Test) Duration: 8 stations (3 minutes per station) ⌚ 24 minutes per circuit Team of 4 participants (Maximum 32 participants)	
0900-0915	S1: Sedation, Patient Positioning & Oxygenation Strategies	Dr Wong Yen Shen
0915-0930	S2: Anatomy of Bronchoscope, Endoscopy System & Illumination	Dr Kho Sze Shyang
0930-0945	S3: Bronchoscopy Suite Setup, Effective Reprocessing & Cleaning of Scopes	Dr Tan Hui Xin
0945-1000	S4: Bronchoalveolar Lavage: Best Practices for Optimal Results	Dr Nik Nuratiqah Nik Abeed
1000-1100	Tea break	
1100-1115	S5: Forceps, Brush & Needles: Roles & Applications	Dr Nadiah Jalil
1115-1130	S6: Segmental Airway Anatomy	Dr Chai Chan Sin
1130-1145	S7: Specimen Handling: Biopsy & Lavage	Dr Sumithra Appava
1145-1200	S8: Bronchoscopy Reporting: Format, Archiving & Auditing	Dr Ngu Nga Hung
1200-1230	OSCE Rounds (Post-Test) Duration: 8 stations (3 minutes per station) ⌚ 24 minutes per circuit

Hands-On Workshop (Day 1)

Day 1 (Ballroom 3)		
Station		Facilitators
Station 1	Flexible bronchoscopy (airway examination + FB removal) Single-use Flexible bronchoscopy- airway	Dr Lim Suat Yee Dr Sumithra Appava Dr Amanil Ula Hassan
Station 2	Rigid bronchoscopy	Dr Melvin Tay Dr Diyana Ismail Dr Tan Hui Xin
Station 3	Electrocautery Snare and APC Cryoextraction of tumour	Prof Dr Tinku Joseph Dr Mona Zaria Dr Mariana Daud Dr Wan Jen Lye
Station 4	Ultrasound	Datin Dr Zuhanis Abdul Hamid Dr Nik Nuratiqah Nik Abeed
	Ambulatory pneumothorax device + intercostal chest drain	A/P Dr Ng Boon Hau Dr Nadiah Jalil
Station 5	Pleuroscopy	Dr Hema Yamini Dr Muhammad Redzwan Dr Ngu Nga Hung

M A B I P 2 0 2 5

Hands-On Workshop (Day 2)

Day 2(Ballroom 3)		
Station		Facilitators
Station 1	Linear EBUS	Dr Hari Kishan Dr Wong Yen Shen
		Dr Soo Chun Ian Dr Huan Nai Chien
Station 2	Radial EBUS	Dr Kho Sze Shyang Dr Chai Chan Sin
Station 3	Bronchoscopic management of COPD	Dr Jamalul Azizi Abdul Rahaman Dr Eric Tenda
Station 4	Chest drain IPC (Rocket)	Prof Dr Mohamed Faisal Abdul Hamid Dr Tan Han Loong Dr Nur Husna Mohd Aminudin
Station 5	Silicone stent Metallic (JAVA) stent Stent Insertion	Dr Melvin Tay Prof Dr Tinku Joseph Dr Tan Sin Nee
Station 6	Navigational bronchoscopy	Dr Leong Swee Wei Dr Haly Rozie

M A B I P 2 0 2 5

**Pediatric Hands-On Workshop
(Day 2)**

Day 2 Venue: CMV		
Station		Facilitators
Station 1	Normal airway anatomy	Dr Amanil 'Ula Hassan
Station 2	Foreign body removal	Dr Eg Kah Peng Dr Nor Diyana Ismail
Station 3	Transbronchial cryobiopsy	Dr Dirk Schramm Dr Dayang Zuraini Sahadan
Station 4	Rigid bronchoscopy and foreign body removal	Dr Srikanta JT Dr Mariana Daud
